
PROJECT: 18-1267 DEV, CHAMBERS CREEK CANYON TRAIL DEVELOPMENT

Sponsor: Pierce County Parks & Rec Program: WWRP - Trails Status: Active
Project Start Date: 07/01/2019 Agreement End Date: 04/30/2022

Progress Report Status: Accepted 03/31/2021

Report Period

From 10/01/2020 To 03/30/2021

Questions

#1: Describe the work accomplished during this reporting period.

Trail alignment is still under re-evaluation for alternative alignments that would meet project budget.

#2: Are there any significant challenges that might hinder progress or keep you from meeting your project milestones? If so, please tell us about them.

Yes

After site reconnaissance and technical investigations, the estimated design and construction costs are significantly higher than anticipated at the previous planning level.

#3: Tell us about work planned for the next reporting period.

The project team has identified a potential alternative route on the southern bank of Chambers Creek. This option will require rescoping and investigation into those details is underway to propose to RCO.

#4: Do you anticipate you will need to request a modification to your project agreement in the next six months (time extension, cost change, scope change, etc.)? If yes, please explain:

Yes

We are expecting a scope change and a time extension to undertake this alternative route.

Special Conditions

1. Cultural Resources-Survey Required

This agreement requires compliance with Executive Order 05-05 and/or Section 106 of the National Historic Preservation Act. RCO has completed the initial consultation for this project and a cultural resources survey is required. The Sponsor must submit to RCO the survey and receive from RCO a notice of cultural resources completion before any ground disturbing activities can begin. Ground disturbance started without approval will be considered a breach of contract. In the event that archaeological or historic materials are discovered while conducting ground disturbing activities, work in the immediate vicinity must stop and the Sponsor must ensure compliance with the provisions found in this agreement. All cultural resources work must meet reporting guidelines outlined by the Department of Archaeology and Historic Preservation and Section 106 of the National Historic Preservation Act (if applicable).

In the event that the Army Corps of Engineers makes a different cultural resources treatment recommendation for areas within their jurisdiction, RCO will defer to the determination made by the lead federal agency.

Accepted	03/31/2021	Beth Auerbach	Thanks!
Submitted	03/30/2021	Jeanette Peters	All dates included are "placeholder dates" at this time due to the fact that the route is not yet approved. Pierce County will be unable to give actual milestones and request project scope change and extension until an alternative route is agreed to by all parties (City of Lakewood, City of University Place, Pierce County and RCO). We are actively working to accomplish this.
